Approx. Street Frontage:
Accessory Dwelling Unit: **No**

Directions: **Main St to Central St to Jasper St**

Welcome to 23 Jasper Street! This beautifully maintained Cape offers a wonderful blend of comfortable living spaces, thoughtful updates and a fantastic backyard. The main level features a modern kitchen with granite countertops, stainless steel appliances and a breakfast bar that opens to a bright and inviting dining room with vaulted, skylit ceilings. From there, step out to the deck and enjoy the spacious backyard, perfect for entertaining, gardening or simply relaxing. A generously sized front-to-back living room provides plenty of space to gather, while the family room offers a versatile space for relaxing, working from home or everyday living. The convenient full bath completes the first floor. Upstairs, you'll find three sunny bedrooms and a full bath. The spacious primary bedroom features an updated custom closet, offering exceptional organization and storage. The lower level offers additional potential for finished living space, a home office, gym or recreation room. Outside, the detached garage/storage space provides excellent flexibility for storage, hobbies or additional workspace. Numerous major updates offer peace of mind, including a completely updated electrical system, new main sewer line, conversion from oil to natural gas with a new furnace and central A/C, second-floor mini split, new water heater, new main water line, sump pump and expansion tank. Conveniently located just outside Saugus Center, with easy access to shopping, dining, transportation and major routes. Northern Strand Community Trail runs nearby with an access point a block away. This inviting home offers the space, updates and location you've been looking for! Come see all that 23 Jasper St. has to offer!

Performed the following upgrades:

-Replaced and updated electrical system for the house in 2022
-Replaced main sewer line in 2022
-Installed gas furnace and central A/C; removed oil furnace and fuel tank in 2023
-Installed second floor mini split in 2023
-Installed new water heater in 2025
-Installed new main water line and expansion tank in 2026

XII. EXPLANATORY MATERIAL

The following clauses are provided for descriptive purposes only. For detailed information, consult the Massachusetts Department of Public Health, the Massachusetts Department of Environmental Protection, or other appropriate agency, or your attorney.

A. Flood Hazard Insurance Disclosure Clause (Question #8)
The lender may require Flood Hazard Insurance as a condition of the mortgage loan if the lender determines that the property is in a flood hazard zone.

E. Radon Disclosure Clause (Question #32)
Radon is an odorless, colorless, tasteless gas produced naturally in the ground by the normal decay of uranium and radium. Radon can lead to the development of radioactive particles which can be inhaled. Studies indicate the result of extended exposure to high levels of radon may increase the risk of developing lung cancer.

©1999, 2007, 2015 MASSACHUSETTS ASSOCIATION OF REALTORS®

dotloop signature verification: dtlp.us/XgEn-tt5C-eJP8

B. Hazardous Materials Disclosure Clause (Question #10)
In certain circumstances Massachusetts law can hold an owner of real estate liable to pay for the cost of removing hazardous or toxic materials from real estate and for damages resulting from the release of such materials, according to the Massachusetts Oil and Hazardous Material Release and Response Act, General Laws, Chapter 21E. The buyer acknowledges that he may have the property professionally inspected for the presence of, or the substantial likelihood of release of oil or hazardous material and such proof of inspection may be required as a prerequisite for financing the property.

C. Asbestos Disclosure Clause (Question #30)
The United States Consumer Produce Safety Commission has maintained that asbestos materials are hazardous if they release separate fibers which can be inhaled. Asbestos is a common insulation material on heating pipes, boilers, and furnaces. It may also be present in certain types of floor and ceiling materials, shingles, plaster products, cements and other building materials. The buyer may have the property professionally inspected for the presence of asbestos and if repair or removal of asbestos is desired, proper safety guidelines must be observed.

D. Lead Paint Disclosure (Question #31)
Whenever a child under six years of age resides in any residential premises in which any paint, plaster or other accessible material contains dangerous levels of lead, the owner is required by law to remove all said paint, plaster or cover with appropriate materials so as to make it inaccessible to a child under six years of age. Consumption of lead is poisonous and may cause serious personal injury. Whenever such residential premises containing dangerous levels of lead undergoes a change of ownership, and as a result a child under six years of age will become a resident, the new owner is required by law to remove said paint, plaster cover or encapsulate it with appropriate materials so as to make it inaccessible to such child. Buyer should receive information pamphlet from Department of Public Health.

F. Chlordane Disclosure Clause (Question #34b.)
Pesticide products containing chlordane were banned in Massachusetts on June 11, 1985, following a determination by the Department of Food and Agriculture that the use of chlordane may cause unreasonable adverse effects on the environment including risk of cancer. Although existing data do not conclusively prove that significant health effects have occurred as a direct result of chlordane use, the long-term potential health risks are such that it is prudent public health policy, according to the Department, to eliminate the further introduction of chlordane into the environment.

G. Mold Information (Question #33)
Molds are naturally occurring organisms that exist both indoors and outdoors. More than 1000 different kinds of mold have been found in homes in the United States. Molds are fungi that reproduce by making spores. Spores are small and lightweight and able to travel through the air. Molds need moisture and food to grow and their growth is stimulated by warm, damp and humid conditions. Molds can use materials such as wood, paper, drywall and carpet as food sources. Reducing dampness indoors is often key to reducing the growth of mold. Depending on the level of mold, allergies, respiratory problems and other health consequences can be triggered in sensitive individuals. However, exposure to mold does not always result in health problems. As of July 2002, U.S. governmental agencies reported that a determination had not been made what quantity of mold was acceptable in an indoor environment. For more information on mold, contact an engineer or other qualified mold inspector. Information may also be found at the web site for the U.S. Environmental Protection Agency, www.epa.gov.

H. Fair Housing Notice
It is unlawful to discriminate on the basis of race, color, religious creed, national origin, age, gender, sex, ancestry, marital status, veteran status, sexual orientation, disability, presence of a child, receipt of public assistance or other protected classification in the sale or rental of covered housing.

XIII. Acknowledgment

Seller(s) hereby acknowledges that the information set forth above is true and accurate to the best of his or her knowledge. Seller(s) agrees to defend and indemnify the broker(s) and any subagents for disclosure of any information contained herein. Seller(s) acknowledges receipt of a copy of the Seller's Statement of Property Condition.

PROPERTY TRANSFER NOTIFICATION CERTIFICATION

This form is to be signed by the prospective purchaser before signing a purchase and sale agreement or a memorandum of agreement, or by the lessee-prospective purchaser before signing a lease with an option to purchase for residential property built before 1978, for compliance with federal and Massachusetts lead-based paint disclosure requirements.

Required Federal Lead Warning Statement:

Every purchaser of any interest in residential property on which a residential dwelling was built prior to 1978 is notified that such property may present exposure to lead from lead-based paint that may place young children at risk of developing lead poisoning. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller of any interest in residential real property is required to provide the buyer with any information on lead-based paint hazards from risk assessments or inspections in the seller's possession and notify the buyer of any known lead-based paint hazards. A risk assessment or inspection for possible lead-based paint hazards is recommended prior to purchase.

Seller's Disclosure

(a) Presence of lead-based paint and/or lead-based paint hazards (check (i) or (ii) below):

(i) ☐ Known lead-based paint and/or lead-based paint hazards are present in the housing (explain).

_____

(ii) ☑ Seller has no knowledge of lead-based paint and/or lead-based paint hazards in the housing.

(b) Records and reports available to the seller (check (i) or (ii) below):

(i) ☐ Seller has provided the purchaser with all available records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing (check documents below).

☐ Lead Inspection Report; ☐ Risk Assessment Report; ☐ Letter of Interim Control; ☐ Letter of Compliance

(ii) ☑ Seller has no reports or records pertaining to lead-based paint and/or lead-based paint hazards in the housing.

Purchaser's or Lessee Purchaser's Acknowledgment (initial)

(c) _____ Purchaser or lessee purchaser has received copies of all documents checked above.

(d) _____ Purchaser or lessee purchaser has received no documents.

(e) _____ Purchaser or lessee purchaser has received the Property Transfer Lead Paint Notification.

(f) _____ Purchaser or lessee purchaser has (check (i) or (ii) below):

(i) ☐ received a 10-day opportunity (or mutually agreed upon period) to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards; or

(ii) ☐ waived the opportunity to conduct a risk assessment or inspection for the presence of lead-based paint and/or lead-based paint hazards.

Agent's Acknowledgment (initial)

(g) MS 09/14/26 09:30 PM EDT Agent has informed the seller of the seller's obligations under federal and state law for lead-based paint disclosure and notification, and is aware of his/her responsibility to ensure compliance.

(h) _____ Agent has verbally informed purchaser or lessee-purchaser of the possible presence of dangerous levels of lead in paint, plaster, putty or other structural materials and his or her obligation to bring a property into compliance with the Massachusetts Lead Law -- either through full deleading or interim control -- if it was built before 1978 and a child under six years old resides or will reside in the property.

MASSACHUSETTS MANDATORY RESIDENTIAL HOME INSPECTION DISCLOSURE

Pursuant to Massachusetts regulation 760 CMR 74.00 *Residential Home Inspection Waivers*, this form must be signed by the buyer and seller prior to signing the first written contract to purchase a Residential Property in Massachusetts (unless one of the exceptions under 760 CMR 74.00 applies). Residential Property and Home Inspection shall be defined pursuant to 760 CMR 74.02.

Limitations on Home Inspection Waivers:
Every seller of Residential Property is notified that M.G.L. c. 143, § 101 and 760 CMR 74.00 prohibit a seller from accepting an agreement to purchase contingent upon waiver, limitation, or restriction of buyer's choice to obtain a Home Inspection, in whole or in part (unless one of the exceptions under 760 CMR 74.00 applies). A buyer of a Residential Property may choose to have the premises inspected by a licensed home inspector of the buyer's choice. If the buyer chooses to have a Home Inspection, the buyer shall have a reasonable period of time after the full execution of the first written contract, as agreed to by the seller and the buyer, to decide whether to proceed with the transaction if the results of the inspection are not satisfactory to the buyer.

Seller's Disclosure
Pursuant to 760 CMR 74.00, Seller warrants and represents that the agreement to purchase is not, and in no event shall be, contingent upon waiver, limitation, or restriction of Buyer's choice to obtain a Home Inspection, in whole or in part (unless one of the exceptions under 760 CMR 74.00 applies). Seller agrees and acknowledges that Buyer may choose to have the premises inspected by a licensed home inspector of the Buyer's choice. The Seller further agrees, warrants, and represents that, if the Buyer chooses to have a Home Inspection, the Buyer shall have a reasonable period of time after the full execution of the first written contract as agreed to by the Seller and the Buyer, to decide whether to proceed with the transaction if the results of the inspection are not satisfactory to the Buyer.

Buyer's Acknowledgment
Each buyer hereby acknowledges that they may choose to have the premises inspected by a licensed home inspector of the buyer's choice and acknowledges that this disclosure has been provided to the buyer herein.

Agent's Acknowledgment
Seller's agent hereby acknowledges that each seller has been informed of the seller's obligations under 760 CMR 74.00 and further acknowledges that this disclosure has been provided to each seller and buyer herein.

Certification of Accuracy
The following parties have reviewed the information above and certify that the information they have provided is true and accurate.
